

The **Modular Displayloc™ System** that merchandises beverages and other products on glass or smooth surfaces. Increases selling space and promotes brands with authority.

Features & Benefits

- Uses proprietary Displayloc™ technology, and is available with new Displayloc Tudra™ for freezer applications
- Ultra-reliable design does not fail
- Sized right for smaller cooler doors
- No-noise design does not rattle or clang
- Creates additional selling space
- Flexible design allows for multiple display orientations for any retail need
- High-impact, easy to change signage
- Product holder positions allow placement on hinge or handle side of cooler door

Lock Onto High-Visibility Cooler & Freezer Space.
