

**iSEE™**  
**PUMPLOCREFILL**

Get  
Pumped.

**A refillable sanitizer dispenser  
that goes virtually anywhere.**

**Why to buy?** Refill and restore  
shopper confidence while taking  
control of your front-of-house  
sanitizer solution.

PumpLoc Refill is a line of easy to  
install, easy to operate and easy  
to use refillable hand sanitizer  
dispensers for multiple in-store  
surfaces and locations. Create a  
safe, clean shopping experience  
with the PumpLoc Refill!

## Key Features

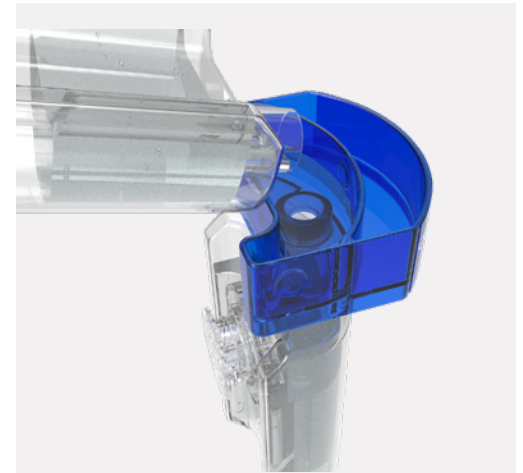

**Secure and Reliable Hold:** Patented DisplayLoc suction allows for reliable application to high-touchpoint glass doors and other glass-smooth surfaces.

**Easy to Manage, Refill:** Removable Base enables counter placement, and multi-functions as a drip tray and funnel for easy refilling with any gel or foam sanitizer.

**Goes Where You Need It:** PumpLoc Refill can go on glass-smooth surfaces, counters or in an optional stand (sold separately)—bringing sanitizer anywhere without disrupting valuable floor space.

**Theft-Resistant:** Bottle lock cap help deter theft and securely holds sanitizer bottle in place.

**Brand-Ability:** Easy, changeable communication through 3.5" x 4.5" sign holder and optional graphic imprinting.

## Meet the Family

**ISEE™**  
**PUMPLOCREFILL**
