

Lock Onto High-Visibility Cooler Space.

Increase valuable cold-selling space by securely merchandising products on glass doors or other smooth surfaces.

Why to buy? They Actually Stay Up.

The iSEE patented Displayloc suction cups are easy to install and racks are tested to ensure they stay up holding five 25oz cans for over 75,000 door slams.

KEY FEATURES

Ultimate Modularity. Can be placed vertically, horizontally, diagonally or even multiple units connected together with the ability to safely hold virtually any packaging with custom package holders.

Ability to Brand. Sign holders allow for easy-to-change product communication. A billboard so your brand doesn't get lost in the clutter! APEX can also be directly imprinted with your brand mark on the plastic to ensure ownability at retail.

Product Security and Flexibility.

APEX package holders grip beverage packages tightly, eliminating the abrasion and clanging noise of other cooler door bins. APEX package holders can be custom ordered for your package size and type. (see next page)

HOLDING POWER

One Display, Many Holders.

APEX has five package holder slots that are utilized to hold many variations of package holders. The APEX Wide package holder is the most commonly used size, holding 12 to 25 oz cans. Many other package holders are available for order as well, listed to the right.

iSEE can also create a custom holder for your specific package size and shape.

One Holder, Three Positions.

Each APEX holder slot has three positions so your package can angle left, right or straight.
